

Prophetic conversation/ word given on September 7th 2021 at 6:30pm GMT+2

While chatting with a brother online I heard words that did not fit our conversation.

Now the prophetic word

One day or two, what will you do?
Will you sit and wait for the president (Trump) to come back?
Or will you sit and wait with Me?

Will you get your popcorn bag, open it and laugh with Me?

Do you see what the people in darkness are doing?
No?
Turn/switch on your light, My light that lives in you and watch.

They are together, dancing around the golden calf, discussing how to slaughter it.
And each of them is fixing their eyes on the parts they like to get.
Oh yes, the calf is fat!!
It's massive, clumsy, completely overweight.

You need to eat fast your popcorns ...

I see everything.
These people in their blind wickedness think I don't see.
They don't know Me, nor they want anything have to do with Me.
Yes, they all heard about Me.
Many, yes, most of them have even read the Bible.

Which version you may ask?
The PCV – the Pick and Chose Version!
Some of them, a good number have even been sent to Sunday school
by their parents (when they were little).
A few of them, their parents are (even) in church ministry,
or have been actively serving Me.
What went wrong (then)?

A sneaky little snake was their take.
A voice they heard as Chava (Eve) in the garden and the deception was completed.
I saw them as little boys and girls, would love having seen them growing in stature and righteousness.
But they've made their choice for money and fame – power from below.

The temptation came and they lusted after it.
As success were growing in stature and wickedness they [completely] lost the connection to righteousness,
thinking that's the right thing (what they were doing),
because the success gave their blind minds the conviction, doing the right thing.

Little by little the deception grew and one day it became a giant.
Yes, that made them very proud.
Now they could boast about how good they are [supposedly], even this is evil (what they are doing).
But they don't see it as evil (anymore).

Wealth, fame, success gave them all the more conviction, seeing it as a blessing from god.
They don't realize it's a fake blessing that will lead them into destruction

You have still too much popcorn in your bag – eat faster.

Do you see their plans?

No?

Just open your eyes for a moment and don't look so much at your popcorns.

Stand still and be silent and listen.

Do you hear what they are talking?

No?

Don't make so much noise with your popcorn bag.

Be still and watch Me.

Focus your eyes and Me – listen to My Words.

Where?

How?

Open Isaiah 61 and read – then continue til the end.

Read it again... and again...

read it 7 times and while you are reading I will open your eyes and ears.

Read it out loud.

No, louder!

When you finish reading, take your popcorn bag and eat it in haste.

I prayed for them, I prayed for you.

I said: Father, forgive them, they don't know what they are doing.

You asked Me to forgive me(you) and I heard you,

forgave you and signed you into My book of life written with My own blood.

The people around the golden calf?

Did they (ever) asked for forgiveness?

I have not heard them.

Some of them even shouted and still shout straight into My face,

that they don't want anything from Me and the least forgiveness

(as they are thinking they are good and righteousness).

Yes, I am still waiting for them to come.

But not much longer.

As Pharaoh did not want to let My people go and those (today) around the calf even less.

One day I will shut the door for them and then they will start to drown.

Will I hear them while/when they start drowning?

No! I have also not opened the door of the ark of Noach

as people outside were crying for mercy. [as the waters were rising].

So they...

When I will shut the doors for them, there will be No more entry for them into My kingdom.

Yes, I still love them, but I can't open the door once it is closed

to risk the lives of those who are in/ inside the ark.

As for you, if you have finished reading of what I told you...

[afterwards] I will come back to you and tell you more.

End of prophetic word

If you have questions about this word, ask the Holy Spirit to give you answers...

May He will also let you know what the popcorn bag symbolizes.

I put it on Italic letters, though those "popcorn" sentences were part of the prophetic word, though somehow personal for me .

Blessings and Yeshua be with you.
